

2010 BARGAINING COMMITTEE UPDATE

December 2nd, 2009

The Bargaining Committee has been at work developing the Union's position for the upcoming set of negotiations. The team has been working on the Union's proposals for a little over two weeks now, and it's time to bring the membership up to date on our progress.

We have had a preliminary report on the results of the survey that was handed out last month and, as expected, there were no surprises for the Committee. The survey is a very valuable tool in bargaining and would like to thank all who participated in the survey. This gives the Union a very clear picture of all the concerns out there.

Because of the Company's tactics (excessive discipline), it is important that the membership stands together in solidarity. Only a united front from the membership of our Union will show management that our goal is to achieve a fair and just collective agreement for all.

There will be an information meeting at the Regent Street Hall on December 9th, 2009 at 2:00 p.m. and 7:30 p.m. The Union will present the leadership with the details at 1:00 p.m. and 6:00 p.m.

Remember – You are the Union

In Solidarity,
Your Bargaining Committee:
