

BARGAINING UPDATE #2

January 30th, 2010

As we approach the Sunday midnight deadline, there are many issues that have yet to be resolved. We have been talking non stop since very early this morning and plan on continuing until deadline or a deal is achieved. We remain committed and optimistic, to do our very best in the next 36 hours, in reaching a settlement that is fair and equitable for our members. If by chance we are not successful by tomorrow night at midnight, then we will be in a legal strike position and the Company will also be in a legal lock out position.

We will issue a news release as soon as we have a deal otherwise a news release will be issue tomorrow past midnight on the situation at that time.
